

Greater Huntington Council
of Yacht & Boating Clubs

Join Your Boating Community

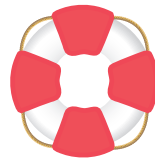

Created in 1985, The Boating Council today represents over twenty boating clubs in the Huntington area. Our mission is to encourage recreational boating by organizing member yacht and boating clubs, affiliate organizations and individuals in supporting the enjoyment of recreational boating in our local and regional waters. To protect our waterways and assist our member clubs and individual boaters to resolve issues.

The Boating Council represents our membership to local, state and federal officials on issues involving boating safety, waterway and environmental concerns and other issues that effect our membership.

THE BOATING COUNCIL SEEKS TO PROTECT AND IMPROVE THE MARINE ENVIRONMENT

- **currently supports** dredging of Northport Harbor to improve tidal flush and water quality of the Huntington Bay Complex.
- **works with** various levels of government and private agencies to insure our local waterways benefit from funding allocated under the Clean Water/Clean Air Bond Act.
- **represents membership** on the Northport Water Quality Committee to successfully upgrade the Northport Sewage Treatment Plant and reverse pollution in Northport Bay and surrounding waters.
- **supports** mobile pump out boats with extended hours and stations in the area harbors.
- **supported legislation** to ban the sale of products containing formaldehyde for use in holding tank treatments in the Town of Huntington.
